Responsible For	None
Location	London and Maidenhead

**Business Profile**

AVK are the UK's leading provider of critical power systems and maintenance that guarantee your power. For 28 years we've been supplying UPS systems and standby diesel generators providing our clients with reliable back-up power solutions for their mission critical services & systems.

We are trusted by many of the UK's largest Data Centre operators, Finance & Banking providers and Telecommunications companies to design, install and maintain 100% power integrity by providing diesel generators, uninterruptible power systems, switchgear, protection relays and turnkey solutions.

AVK specialise in all aspects of the design, planning, implementation and on-going maintenance of critical power systems. We provide solutions for standard or bespoke applications, with UPS systems ranging in size from 1kVA to 800kVA to standby diesel generation ranging in size from 5kW up to 3MVA and covering all project sizes from £1k up to £30m. Our extensive and growing client base reflects our highly regarded reputation for both quality and service

**Role summary**

This role has responsibility for quality, process and the high standards our customers expect, to provide an effective and accurate pricing process in conjunction with the sales team to ensure gross margins are accurate quoted on customer bids, tenders and quotations. Frequent travel to our Head Office in Berkshire will be required.

**Responsibilities**

	Prepare and analyse drawing and documents prior to commencing tender process working with the Project and Design teams where appropriate
	Prepare and distribute enquiries to sub-contractors and manufacturers
	Research all materials, equipment and labour costs ensuring criteria to meet client expectations is maintained
	Where necessary analyse exchange rates and pricing to ensure a competitive pricing structure is achieved
	Identify and report on risk and opportunity/scope
	Ensure all tenders take into account Health & Safety legislation in addition to adhering to all AVK policies and procedures
	Support the Project Sales team in client meetings ensuring all expectations are accurately recorded
